

DID YOU KNOW THAT...

...kids can really be helpful and even enjoy serving people in need?

WHAT WE DO

In one word: Empowerment

In a few more words: Raising a new generation to create a better world through empowerment.

In even more words: We are a service ministry that strongly believes that kids can make a difference in this world. We also believe that childhood experience of serving others in need will influence the way that they grow up. We teach them about the needs of this world, teach God's words, and then collectively take action in serving. Our hope and prayer is that our students will have a deep understanding of what God calls us to do in the face of those in need, and know how and what to do about it.

KidsServe Family meets 5 Sundays over the year to serve together as families. We begin right after the main church service (around noon) - 1:30 pm.
